APURO PREMIUM COMMERCIAL RICE COOKER 6L

FEATURES

- Energy saving design - uses up to 34% less energy in comparison to standard models
- Rapid 35-40 min cooking time (approx. for white rice) helps you keep up with demand
- Stay-cool handles allow for easy positioning where rice is needed
- Lid includes condensation safety collection container to reduce hot water dripping when open
- Auto-switch from cook to warm - no need to monitor cooking progress
- Extra heavy-duty, non-stick inner pot prevents burning to minimise food waste
- Included non-scratch spatula and rice measure won't damage the cooker's lining
